You already KNOW where you're trying to get to, right?...the hype and promises from the scammers and phonies have already made you drool uncontrollably! What you REALLY need to know that they're not telling you, (because they can't) is just exactly how the heck to GET there...

*From: Ewen Chia
Oct 13 2009*

My dear fellow seeker,

In the world of **online marketing**, there are an abundance of "how-to" guides...

E-book after E-book, course after course, all trumpeting their "incredible power", or "unique strategy", **blah, blah, blah...**

The latest fad seems to be "**bash the guru**", a whorish bandwagon that even some of the alleged "gurus" are jumping on...

The problem is with their definition of "guru".

The American Heritage Dictionary defines "guru" as follows:

- A teacher and guide in spiritual and philosophical matters.
- A trusted counselor and advisor; a mentor.
- A recognized leader in a field.
- An acknowledged and influential advocate.

So, I guess that means that we are ALL "gurus" in some way, shape, or form, right? You mentor and advise your friends and family every day, correct? So ***you're a guru...***

My name is Ewen, and I am a Guru.

There, I feel better now.

"A Living Legend Of Affiliate Marketing"

Ewen Chia is a **living legend of affiliate marketing**...

When all the other big guns on the Internet start drawing up a shortlist of names to get help with their product launches and promotions my bet is that **Ewen is at the very top**.

He helped me with my launch and **made so many sales** for me that I actually had trouble keeping count! In fact I partly blame Ewen for causing my site to crash ***because he sent me so much traffic!***

If he speaks - you listen. If he makes a product - you buy it. If he comes on board for your launch - you make a ton of sales!

- Michael Cheney
www.adsense-videos.com

What they **really mean** when they are spewing this bizarre anti-guru line is "my product is better than his product". "She's a phony, a *guru*, don't trust her, **trust ME**".

It's like some **insane pride of lions** all frantically eating their young, for the love of Pete!

Why in the heck should we trust anyone who's **main message** is "don't trust anyone?"

The fact is, most of their products DO have a certain value. **The trouble is**, they are usually of value to only advanced marketers or contain specialized techniques that are useful in only a few niche markets.

They don't give you all the keys. **They CAN'T!** They have been doing this for so long, at such an advanced level, that most of them can't even **remember** what it was like to get started.

"My Autopilot Internet Income ® System Changes All That."

I finally got **so fed up** with all the nonsense being slung about the industry that I decided once and for all to do something about it.

The fact is, **this is not brain surgery**, people!

Anyone can make a good living online if they have **the will, the mindset, and the way** laid out for them.

And that's exactly what I'm going to teach you.

I have designed and built the **Autopilot Internet Income System** to be the most complete, "evergreen" system in history.

AII is an absolutely newbie-proof step-by-step guide that will show you, **in detail**, how to create your own Internet business **from scratch**, and to quickly build it to **immense profit** using PROVEN marketing principles.

This is not targeted at more advanced marketers - although they could definitely learn a thing or two from it...

This is mainly for the people who are **lost in "guru-land"**, with a fistful of high priced e-books and guides, and absolutely NO CLUE what to do with them.

Wait - **don't throw them out!** That's the whole point: I am going to show you how to USE them eventually!

But first...

We're going to learn how to **walk** before we run.

That's what you're missing! You took your **training wheels** off too darn soon. But it's **not your fault**. That's where you've been led, by the hypers and the **well meaning** alike!

Let me tell you a tale...

A while back, one of my customers e-mailed me and wrote:

"Ewen, I have bought everything under the sun, every e-book,

guide, how-to program, everything. But I just can't seem to get anything going. You make a lot of money online - can you just show me how?"

I was completely **flabbergasted**.

I thought that's **exactly** what I was doing!

Now don't get me wrong, my programs and techniques work. **That's a FACT.**

"More Than \$14,000.00 In Sales Now!"

Hi Ewen, As you know, I have been responsible for more than \$8,000 in sales within my first week of using Secret Affiliate Weapon!

I must admit though that I am not actively marketing it anymore, yet I continue to get sales (almost on a daily basis). SAW practically sells itself. I have never promoted a program that converts into sales as easily as this one.

SAW is adding a nice figure to my bottom line every month. To date I have had more than \$14,000 in sales with a few hundred still coming in every month. And I get all of this through indirect marketing results.

Anyway, that is just on the income side, let alone the information that you keep giving us on a regular basis. I almost find it absurd that you could give away (and continue to add) such valuable information for so low an investment!

Ewen's probably going to blush here...

but in my opinion he's the *best affiliate marketer* online today.

He's been my number one affiliate on many so many different product launches I've lost count - He's an amazing partner to have working with you!

When MarketingMainEvent.com launched last November we watched him in action in real-time...Even before we launched, he issued a public challenge to every one of our partners that he was going to be the top affiliate, and despite massive competition from some of the biggest names online **he was right**.

Sales from Ewen came in like machine gun fire.

If you want to learn proven affiliate marketing, if you want to pull in bucket loads of commissions then you'll not find anyone who could help you more...

Seriously if Ewen's sharing any of his insights with you sit up and listen...It'll be the most valuable education you get!

I've got hundreds more just like those! Want to see some more?

But after talking to my customer, **it became apparent** that some people were just "not getting it." They just couldn't seem to "**get traction**" no matter **WHAT type or quality** of information or strategy was laid on them!

And I knew that I had to **do something** for these poor folks fast.

So I went back to the drawing board. I snooped, and I lurked, and I polled my members.

I held up a mirror to my own business and soul and painstakingly examined my own motives and methods, my own teachings and students.

And I came up with a startling answer...

"You're missing the basics, my friend."

You gotta walk before you can run. And before you walk, **you have to learn to crawl.**

And that's what's missing.

- So I **rolled up my sleeves** and dove into the deep end.
- I went back to the beginning, and **stripped myself bare.**
- I **brain-dumped** like you can't believe. A complete catharsis. An epiphany.
- I purged myself of **every scrap** of information that I have amassed over my many years of incredibly successful online marketing...

And what did I create? **Nothing less** than the Ultimate step-by-step guide to incredible Internet Riches, beginning from chapter one.

Genesis.

Autopilot Internet Income ® will take you by the ear and literally lead you to success - in spite of yourself!

If you will **come with me**, I will literally lead you to success online. This information, in this so **totally complete** a form, cannot be found **anywhere else**, for ANY price.

Step-by-step.

Do this. **Then, do that**. One crawl at a time until you are walking. And then **running**.

But the real beauty and **simplicity** of it is...

The AII System applies to ALL online business models.

That's correct - ALL. This system is just that: a complete, evergreen system that cuts across "specialties" and gimmicks.

And the best part? **I will show you how to do it all on autopilot.**

But even I can't do it ALL for you.

You have to make the initial decision to change your circumstances.

You have to stand up and shout:

"I'm Sick And Tired Of Getting Nowhere And I'm Not Going To Take It Anymore!"

You have to decide to take the necessary action to change your life, to tell your ignorant boss to shove it, to tell all your detractors and naysayers to **"piss off, I'm going to be rich as Croesus in spite of your trying to hold me back."**

You have to do that right now.

"Made my first affiliate commission!"

Thank Ewen, I've Made My First Affiliate Commission!

By following step by step your marketing system, I've made my first affiliate commission just after 9 days of promotion. I have just used the free methods. Now I know and I believe that I can make more than \$12,000 per month.

I'm going now to invest the necessary time and money into advertising, into the trends, tools, tactics...you recommended me to run successfully my affiliate marketing business. Thank you!

"Already hit \$100 a day with your techniques"

Dear Ewen,

I just had to drop you a line to let you know that your System is GREAT - I've used some of your techniques and have already hit \$100 day!

Now I know that may not sound like much, but look at it this way, I've only had my website up for about a week. I would love to show you a "Before and After" shot of my Clickbank account, but don't know how to yet.

Anyways, BEFORE I got the System, I made 2 sales of only \$19.13. After applying some of your techniques, I went to bed and in the morning

decided to check my account again and HOLY MACKERAL!!!! I made \$94.34!!!

I expect to make about that much every day now due to your program and guidance. Thank you VERY much Ewen.

- Marc Whealdon

Those are some killer words, folks.

Nothing does my heart more good than to hear back from **actual users** of my system that are **rocking and rolling** with it.

And the best part? Those guys are almost **complete noobs** that were failing fast online until they **got onboard** the AII train.

Did you notice what I started them with?

That's right - we started with "**Affiliate Marketing.**"

While the program is not specific to any one business plan, we will start with affiliate techniques because it will allow you to...

Make Money From Day One.

We will start you crawling, but we will start in profit!

That's because it is **critical** to your success that you immediately "**see the money.**"

You will earn as you learn.

Call it "on the job training" if you like.

But it is very important that you begin **earning** almost immediately for your **confidence**, which is one of the key tenets of the program.

And we will practice what we preach.

And practice. And practice. And practice...

Until it becomes **second nature** to you. Until you could do it in your sleep.

We Will Build On Bedrock...

While **everyone else** is building their Internet Business on a foundation of **shifting sand** by following the latest fads and gimmicks...

Your business will be built on a foundation of **solid rock**.

That's because you will have a solid grasp of the basics...the methods and mindsets that will allow you to grab **ANY online business model** by the horns and **crush the competition**.

The training that will allow you to sit down at your computer and literally "turn on the cash faucet", like a **desktop ATM machine**.

Knowledge that you can take with you anywhere...that can **never** be taken from you.

Knowledge that *has no shelf life*...that will never be stale...**evergreen!**

And it all starts right now, with **one simple decision**.

- **Are you In?**
- **Or are you Out?**

Are you going to **seize** this incredible feast I have prepared for you?

Or walk away from the table still **sad and hungry**.

It's not going to happen by magic, you know...I can't just snap my fingers or wave a wand and say "Presto", you're RICH...

You have to take that first step.

And there will never be a better time than **Right Now!**

For a Very Limited Time, I am offering you access to this ground-shaking collection of business building fundamentals and "evergreen" marketing tactics for an unheard of price...

What do you think would be a fair price for this incredible, rock-solid, turn-key online business building and marketing bible? This collection of **gold nuggets**?

I see far inferior products selling all the time for \$997 and up!

But I'm not going to do that to you. See, in the process of revisiting my roots and having my "catharsis", **I vividly remembered** what it was like to get started online...

- **The loneliness, and the feeling that everyone was just out to pick my pocket...**
- **The disapproving looks from my family who were worried sick that I was spending way too much money on a "get rich quick" scheme...**
- **My own feelings of self-doubt.**

Well, I'm not going to make your situation worse...After all, I'm here to make it better!

And that's why, if you **take immediate action** and get started today, I am going to let you have this **mind-boggling** collection of "building blocks and mortar" for your online business for the ludicrous sum of:
